### Atlantis

Against impossible odds, the last survivors of the human race have created a new home on a planet far from Earth. But everything is not as it seems - and they will end up facing their greatest challenge yet. The conclusion to the Long Winter trilogy. Can humanity survive on a new world? The last survivors of the human race escaped a ruined Earth. Their new homeworld - Eos - seemed perfect at first. Warm. Hospitable. Safe from the grid. But everything isn't as it seems. The first colony of settlers have disappeared. Their settlement is still there, but everyone is gone. As Dr James Sinclair digs into the mystery of the lost colony, he discovers a series of spheres, buried on Eos. Are they the key to finding the lost colonists? Or are they responsible for their deaths? Just as James is unraveling the secrets of the spheres, a storm hits Jericho City. Emma, recently elected mayor, struggles to lead her people to safety while James tries to make his way home. In the middle of the chaos, a new danger emerges - a threat no one saw coming. With time running out to save the colonists, James and Emma will face their hardest choice yet in the final pulse-pounding instalment in the Long Winter trilogy.

### Dog-Eared Delinquent

When an undersea race known as the Dark Ones launches a nuclear missile from within the Bermuda Triangle that threatens to destroy humanity, former Green Beret Eric Dane leads a team into the uncharted depths of the ocean to confront an ancient enemy. Original.

## **Orbus**

From T.A. Barron, the New York Times bestselling author of the Merlin Saga, comes a new fantasy world about the origins of Atlantis, perfect for fans of The Lord of the Rings, Eragon, The Beyonders and Percy Jackson and the Olympians. In a magical land called Ellegandia, a young boy named Promi scrapes by, stealing pies, cakes and sweets to survive. But little does he know that his country is a pawn in an ages-old war between good and evil, battled both in the spirit realm and in the human world. Harboring secrets of his own, Promi teams up with a courageous girl named Atlanta and the two vow to save their land—and each other—no matter the cost. But their vow has greater repercussions than they ever could imagine—in fact, it may just bring about the creation of Atlantis, an island cut off from the rest of the world, where magic reigns supreme. With his trademark action, adventure, and poignancy, master of fantasy, T.A. Barron explores a new mythology—the origin of the legendary isle of Atlantis. This book is perfect for fans of Rick Riordan, Brandon Mull, Christopher Paolini and, of course, T. A. Barron's Merlin Saga. Praise for T. A. Barron's novels: "Brilliant, significant, and illuminating . . . an intense and profoundly spiritual adventure."—Lloyd Alexander "A crescendo of miracles."—Madeleine L'Engle "Interesting and august . . . compelling."—The New York Times "In the best tradition . . . classic."—Parents Magazine

Geneticist Kate Warner and counter-terrorism agent David Vale have prevented a fierce plague from wiping out humanity - but the struggle to survive is far from over.

## **The Atlantis Blueprint**

What, exactly, makes us afraid? Is it monsters, gore, the unknown? Perhaps it's a

biblical sense of malice, lurking unnoticed in the corners of horror films. Holy Writ attempts to ward off aliens, ghosts, witches, psychopaths and demons, yet it often becomes a source of evil itself. Looking first at Psycho (1960) and continuing through 2017, this book analyzes the starring and supporting roles of the Good Book in horror films, monster movies and thrillers to discover why it incites such fear. In a culture with high biblical awareness and low biblical literacy, horrific portrayals can greatly influence an audience's canonical beliefs.

## **The Search for Hidden, Sacred Knowledge**

Marine explorer Dirk Pitt faces off against an elite army from an era gone-by in order to uncover the secrets of an ancient civilization in this #1 New York Times-bestselling series. A group of anthropologists uncover strange inscriptions on the wall of a Colorado mine just as an explosion traps them deep within the earth. But their work won't stay buried long. Dirk Pitt is on hand during the blast and quick to initiate a rescue operation. He is then tapped to lead a research crew on behalf of the U.S. National Underwater and Marine Agency to further study these uncanny artifacts. And that's when his ship is set upon and nearly sunk by an impossibility—a vessel that should have died 56 years before. Clearly, another group knows about the relics of this long-forgotten but highly-advanced seafaring culture. And they'll stop at nothing to keep the rest of the world in the dark.

## **Genome**

Many of us lived previous lives as keepers of sacred knowledge that was taught in the ancient mystery schools. Much of this knowledge was lost through time due to disasters and destruction or death. The knowledge was reserved for a select few who devoted their lives to understanding and teaching it.

## **Atlantis Rising**

A princess fights a faceless enemy in a forest filled with magic in this tale of "high-style fantasy and adventure" from the author of Dealing with Dragons (The New York Times). Trouble is brewing in Alkyra. While the kingdom's noblemen squabble, on their borders an ancient enemy, the Lithmern, raises an army. As the head of the Noble House of Brenn attempts to organize an alliance, the princess Alethia celebrates her twentieth birthday. She is a remarkable woman: quick-witted, beautiful, and handy with a throwing knife. But on the next night, she passes through a dark corridor on her way to the banquet hall, and never emerges from the shadows. The Lithmern have kidnapped the princess. When Alethia regains consciousness, an evil Lithmern with a face made of shadows is carrying her

through the forest. These are magic woods, home to fabled creatures whose existence she has always doubted. To find her way home, Alethia will have to learn to trust in the old tales, whose legends of magic and daring hold the only hope of saving her kingdom.

## **The Lost Empire of Atlantis**

A spellbinding blend of history and science, scholarship and speculation, this landmark work presents startling new evidence that traces archaeology's most enduring mysteries back to the lost civilization of Atlantis. The Great Pyramid. Stonehenge. Machu Picchu. For centuries, these and other sacred sites have inspired wonder among those who ponder their origins. Conventional science tells us they were constructed by local peoples working with the primitive tools of a fledgling civilization. But these megaliths nonetheless continue to attract pilgrims, scholars, and adventurers drawn by the possibility that their true spiritual and technological secrets remain hidden. Who could have built these elaborate monuments? How did they do it? And what were their incomprehensible efforts and sacrifices designed to accomplish? Now comes a revolutionary theory that connects these mysteries to reveal a hidden global pattern -- the ancient work of an advanced civilization whose warnings of planetary cataclysm now reverberate across one hundred millennia. International bestselling author Colin Wilson and Canadian researcher Rand Flem-Ath join forces to share startling evidence of a fiercely intelligent society dating back as much as 100,000 years -- one that sailed the oceans of the world, building monuments to preserve and communicate its remarkable wisdom. The Atlantis Blueprint is their term for a sophisticated network of connections between these sacred sites that they trace to Atlantis: a sophisticated maritime society that charted the globe from its home base in Antarctica until it was obliterated by the devastating global changes it anticipated but could not escape. Here is adventure to realms beyond our imaginings to shifting poles, changing latitudes into the world of ancient mariners who recharted the globe to astonishing discoveries about our ancestors. Here are the great mysteries the incredibly complex geography of the Temple of Luxor the startling sophistication of Egyptian science and math and tantalizing similarities among the Hebrew, Greek, and Mayan alphabets to the Chinese lunar zodiac. The Atlantis

Blueprint opens up a Pandora's box of ancient mysteries, lost worlds, and millennial riddles. It is a story as controversial, fascinating, dangerous -- and inspiring -- as any ever told. From the Hardcover edition.

## **The Atlantis World**

**FEAR THE DAY** In the near future, patches of the northern hemisphere have been shrouded in years of darkness from a nuclear winter, and the water level has risen in the North Atlantic. The island of Manhattan has lost its outer edges to flooding and is now ringed by a large seawall. The darkness and isolation have allowed crime and sin to thrive in the never-ending shadows of the once great city, and when the sun finally begins to reappear, everything gets worse. A serial killer cuts a bloody swath across the city during the initial periods of daylight, and a violent panic sweeps through crowds on the streets. The Manhattan police, riddled with corruption and apathy, are at a loss. That's when the Mayor recruits Jon Phillips, a small-town Pennsylvania cop who had just single-handedly stopped a high-profile serial killer in his own area, and flies him into the insanity of this new New York City. The young detective is partnered with a shady older cop and begins to investigate the crimes amidst the vagaries of a twenty-four hour nightlife he has never experienced before. Soon realizing that he was chosen for reasons other than what he was told, Jon is left with no one to trust and forced to go on the run in the dark streets, and below them in the maze of the underground. Against all odds he still hopes that he can save his own life, the woman of his dreams, and maybe even the whole city before the arrival of the mysterious and dreaded event that has come to be known as. **DAYFALL**. ## **The Lucifer Code**

Facts collide with fiction in the pulse-pounding sequel to the highly praised *The Alexander Cipher*, featuring archaeologist Daniel Knox. **THE EXODUS QUEST** On the trail of the lost Dead Sea Scrolls, archaeologist Daniel Knox stumbles upon a theft in progress at an ancient temple near Alexandria. Then a senior Egyptian archaeologist is violently killed, and the finger of suspicion points at Knox himself. To add to his mounting worries, his partner Gaille Bonnard is kidnapped while showing a television crew around the ruins of Amarna. She manages to smuggle out a message, pleading with Knox to rescue her, but he's locked in a police cell on suspicion of murder hundreds of miles away. His only hope of clearing his name and saving Gaille is to crack one of the greatest unsolved mysteries of the ancient world before it's too late.

## **Ian Fleming's Inspiration**

James Bond is possibly the most well known fictional character in history. What

most people don't know is that almost all of the characters, plots and gadgets come from the real life experiences of Bond's creator - Commander Ian Fleming. In this book, we go through the plots of Fleming's novels explaining the real life experiences that inspired them. The reader is taken on a journey through Fleming's direct involvement in World War II intelligence and how this translated through his typewriter into James Bond's world, as well as the many other factors of Fleming's life which were also taken as inspiration. Most notably, the friends who Fleming kept, among whom were Noel Coward and Randolph Churchill and the influential people he would mingle with, British Prime Ministers and American Presidents. Bond is known for his exotic travel, most notably to the island of Jamaica, where Fleming spent much of his life. The desk in his Caribbean house, Goldeneye, was also where his life experiences would be put onto paper in the guise of James Bond. As the island was highly influential for Fleming, it features heavily in this book, offering an element of escapism to the reader, with tales of a clear blue sea, Caribbean climate and island socialising. Ian Fleming might have died prematurely aged 53, but so much of him lives on to this day through the most famous spy in the world, James Bond.

## **Kafka on the Shore**

## **The Solar War**

A compelling new portrait of the lost realm of Lemuria, the original motherland of humanity • Contains the most extensive and up-to-date archaeological research on Lemuria • Reveals a lost, ancient technology in some respects more advanced than modern science • Provides evidence that the perennial philosophies have their origin in Lemurian culture Before the Indonesian tsunami or Hurricane Katrina's destruction of New Orleans, there was the destruction of Lemuria. Oral tradition in Polynesia recounts the story of a splendid kingdom that was carried to the bottom of the sea by a mighty "warrior wave"--a tsunami. This lost realm has been cited in numerous other indigenous traditions, spanning the globe from Australia to Asia to the coasts of both South and North America. It was known as Lemuria or Mu, a vast realm of islands and archipelagoes that once sprawled across the Pacific Ocean. Relying on 10 years of research and extensive travel, Frank Joseph offers a compelling picture of this motherland of humanity, which he suggests was the original Garden of Eden. Using recent deep-sea archaeological finds, enigmatic glyphs and symbols, and ancient records shared by cultures divided by great distances that document the story of this sunken world, Joseph painstakingly re-creates a picture of this civilization in which people lived in rare harmony and possessed a sophisticated technology that allowed them to harness the weather, defy gravity, and conduct genetic investigations far beyond what is possible today. When disaster struck Lemuria, the survivors made their way to other parts of the world, incorporating their scientific and mystical skills into the existing cultures of Asia, Polynesia, and the Americas. Totem poles of the Pacific Northwest, architecture in China, the colossal stone statues on Easter Island, and even the perennial philosophies all reveal their kinship to this now-vanished civilization.

## Pillars of Atlantis

The New York Times Bestseller! The author of Turn Right at Machu Picchu travels the globe in search of the world's most famous lost city. "Adventurous, inquisitive and mirthful, Mark Adams gamely sifts through the eons of rumor, science, and lore to find a place that, in the end, seems startlingly real indeed."—Hampton Sides A few years ago, Mark Adams made a strange discovery: Far from alien conspiracy theories and other pop culture myths, everything we know about the legendary lost city of Atlantis comes from the work of one man, the Greek philosopher Plato. Stranger still: Adams learned there is an entire global sub-culture of amateur explorers who are still actively and obsessively searching for this sunken city, based entirely on Plato's detailed clues. What Adams didn't realize was that Atlantis is kind of like a virus—and he'd been exposed. In Meet Me in Atlantis, Adams racks up frequent-flier miles tracking down these Atlantis obsessives, trying to determine why they believe it's possible to find the world's most famous lost city—and whether any of their theories could prove or disprove its existence. The result is a classic quest that takes readers to fascinating locations to meet irresistible characters; and a deep, often humorous look at the human longing to rediscover a lost world.
