NEW YORK TIMES BESTSELLER In this pulse-pounding and thrillingly sensual novel, Lara Adrian returns to the mesmerizing world of the Midnight Breed, following new characters into a dark future where an uneasy peace can unravel into war—and a great betrayal can mask an all-consuming love. Twenty years after the terror of First Dawn—when mankind learned that vampires lived secretly among them—the threat of violence reigns as the two species struggle to coexist. The only group preserving the fragile harmony is the Order, an elite cadre of Breed warriors dedicated to protecting humans and vampires alike. And in this precarious world of torn loyalties and shattered trust, Mira, a fiery squad captain, finds that every fight bears an intensely personal cost. Raised among the Order, Mira has always believed in the warrior’s code of swift—and even lethal—justice. But the one thing she desires more than the Order’s hard-won acceptance is Kellan Archer, a sexy but troubled Breed fighter. In love with him since childhood, Mira once broke through his tough exterior during an unexpected night of rapture, but the next day he mysteriously disappeared, never to return. Kellan didn’t think he would ever see Mira again—or have to confront the truth of why he left. After abandoning the Order years ago, he now leads a band of human rebels intent on carrying out their own vigilante rule of law. Yet a high-profile kidnapping assignment brings him face-to-face with the past he sought to avoid, and the striking woman he has tried desperately to forget. And as tensions mount and the risk of bloodshed grows, Kellan and Mira must take sides—between the competing missions that dominate their lives, and the electrifying passion that claims their hearts. BONUS: This edition includes an excerpt from Lara Adrian's *Crave the Night*. She paints a vivid picture for every scene, delves deeper into each character until readers know everything about them, and writes some of the best action sequences I've encountered in a long time. . . . Make no mistake, Lara Adrian is one of the premier authors of paranormal romance and with this book, she proves it! . . . *Edge of Dawn* is a game changer—a book that will revolutionize the way readers see the Midnight Breed world and stir up some excitement! Filled with angst, tortured hearts, above all, selfless love, *Edge of Dawn* will break your hearts and mend them back up again.”—Fresh Fiction “A spine tingling thrill ride for both old and new fans alike . . . *Edge of Dawn* is one of the few stories that deserve more than a five star rating.”—Night Owl Reviews “Well worth waiting for . . . GLASS MOON OVER IMAGES OF SAND

Winner of the 2018 American Academy of Diplomacy Douglas Dillon Award Shortlisted for the 2018 Duff Cooper Prize in Literary Nonfiction “[A] brilliant book...by far the best study yet” (Paul Kennedy, *The Wall Street Journal*) of the gripping history behind the Marshall Plan and its long-lasting influence on our world. In the wake of World War II, with Britain's empire collapsing and Stalin's on the rise, US officials under new Secretary of State George C. Marshall set out to reconstruct western Europe as a bulwark against communist authoritarianism. Their massive, costly, and ambitious undertaking would confront Europeans and Americans alike with a vision at odds with their history and self-conceptions. In the process, they would drive the creation of NATO, the European Union, and a Western identity that continue to shape world events. Benn Steil's “thoroughly researched and well-written account” (*USA TODAY*) tells the story behind the birth of the Cold War, told with verve, insight, and resonance for today. Focusing on the critical years 1947 to 1949, Benn Steil's gripping narrative takes us through the seminal episodes marking the collapse of postwar US-Soviet relations—the Prague coup, the Berlin blockade, and the division of Germany. In each case, Stalin's determination to crush the Marshall Plan and undermine American power in Europe is vividly portrayed. Bringing to bear fascinating new material from American, Russian, German, and other European archives, Steil's account will forever change how we see the Marshall Plan. “Trenchant and timely...an ambitious, deeply researched narrative that...provides a fresh perspective on the coming Cold War” (*The New York Times Book Review*), *The Marshall Plan* is a polished and masterly work of historical narrative. An instant classic of Cold War literature, it “is a gripping, complex, and critically important story that is told with clarity and precision” (*The Christian Science Monitor*).

The Hour of Dust and Ashes

The author of four truly important novels--The Recognitions in 1955, J R in 1975, Carpenter's Gothic in 1985, and A Frolic of His Own in 1995--William Gaddis is considered by many literary scholars to be one of the most outstanding novelists of the twentieth century, to be spoken of in the same breath as James Joyce, Robert Musil, and Thomas Pynchon. Hints and Guesses: William Gaddis's Fiction of Longing is the first scholarly work to discuss all four Gaddis novels. While not dismissing the inclination of many scholars to view Gaddis's fiction as postmodern, Christopher Knight moves critical response in another direction, toward a discussion of Gaddis's significance as a satirist and social critic. Knight investigates Gaddis's predominant thematic interests, including those of contemporary aesthetics, Flemish painting, forgery, corporate America, Third World politics, and the U.S. legal system. What Knight finds is an author not only acutely sensitive to post-war social realities but also one whose critique carries with it an implied utopian dimension.

Darkness Becomes Her

Glass Moon Over Images of Sand presents a collage of brief narratives woven to stir the imagination. In these pieces, the author creates absurd realism—the coexistence of the absurd within what people call human reality. This book speaks to its readers with real fiction of edited memories. This collection of short narratives exposes readers to contemplate yesterday as a dream. Romay describes it as something like what some writers experience within that encounter with absence when they internalize themselves into a sheet of blank paper in the present progressive digital world. Unquestionably, that "yesterday" that once was "today" is suspended in that labyrinth of memory. After all, this narrative subscribes to the premise that "Reality only exists in language." The reason is that the reality of this work manifests itself if readers continue to read it—offering more than one reading.
