The Undocumented Americans

Andrew Yancy—late of the Miami Police and soon-to-be-late of the Monroe County sheriff's office—has a human arm in his freezer. There's a logical (Hiaasenian) explanation for that, but not for how and why it parted from its shadowy owner. Yancy thinks the boating-accident/shark-luncheon explanation is full of holes, and if he can prove murder, the sheriff might rescue him from his grisly Health Inspector gig (it's not called the roach patrol for nothing). But first—this being Hiaasen country—Yancy must negotiate an obstacle course of wildly unpredictable events with a crew of even more wildly unpredictable characters, including his just-ex lover, a hot-blooded fugitive from Kansas; the twitchy widow of the frozen arm; two avariciously optimistic real-estate speculators; the Bahamian voodoo witch known as the Dragon Queen, whose suitors are blinded unto death by her peculiar charms; Yancy's new true love, a kinky coroner; and the eponymous bad monkey, who with hilarious aplomb earns his place among Carl Hiaasen's greatest characters. Here is Hiaasen doing what he does better than anyone else: spinning a tale at once fiercely pointed and wickedly funny in which the greedy, the corrupt, and the degraders of what's left of pristine Florida—now, of the Bahamas as well—get their comeuppance in mordantly ingenious, diabolically entertaining fashion.

The Lost Childhood

By the bestselling author of Sam Phillips: The Man Who Invented Rock 'n' Roll and Last Train to Memphis: The Rise of Elvis Presley, this dazzling new book of profiles is not so much a summation as a culmination of Peter Guralnick's remarkable work, which from the start has encompassed the full sweep of blues, gospel, country, and rock 'n' roll. It covers old ground from new perspectives, offering deeply felt, masterful, and strikingly personal portraits of creative artists, both musicians and writers, at the height of their powers. "You put the book down feeling that its sweep is vast, that you have read of giants who walked among us," rock critic Lester Bangs wrote of Guralnick's earlier work in words that could just as easily be applied to this new one. And yet, for all of the encomiums that Guralnick's books have earned for their remarkable insights and depth of feeling, *Looking to Get Lost* is his most personal book yet. For readers who have grown up on Guralnick's unique vision of the vast sweep of the American musical landscape, who have imbibed his loving and lively portraits and biographies of such titanic figures as Elvis Presley, Sam Cooke, and Sam Phillips, there are multiple surprises and delights here, carrying on and extending all the themes, fascinations, and passions of his groundbreaking earlier work.

About Us: Essays from the Disability Series of the New York Times

Based on the pioneering New York Times series, About Us collects the personal essays and reflections that have

transformed the national conversation around disability. Boldly claiming a space in which people with disabilities can be seen and heard as they are—not as others perceive them—About Us captures the voices of a community that has for too long been stereotyped and misrepresented. Speaking not only to those with disabilities, but also to their families, coworkers and support networks, the authors in About Us offer intimate stories of how they navigate a world not built for them. Since its 2016 debut, the popular New York Times’ “Disability” column has transformed the national dialogue around disability. Now, echoing the refrain of the disability rights movement, “Nothing about us without us,” this landmark collection gathers the most powerful essays from the series that speak to the fullness of human experience—stories about first romance, childhood shame and isolation, segregation, professional ambition, child-bearing and parenting, aging and beyond. Reflecting on the fraught conversations around disability—from the friend who says “I don’t think of you as disabled,” to the father who scolds his child with attention differences, “Stop it stop it stop it what is wrong with you?”—the stories here reveal the range of responses, and the variety of consequences, to being labeled as “disabled” by the broader public. Here, a writer recounts her path through medical school as a wheelchair user—forging a unique bridge between patients with disabilities and their physicians. An acclaimed artist with spina bifida discusses her art practice as one that invites us to “stretch ourselves toward a world where all bodies are exquisite.” With these notes of triumph, these stories also offer honest portrayals of frustration over access to medical care, the burden of social stigma and the nearly constant need to self-advocate in the public realm. In its final sections, About Us turns to the questions of love, family and joy to show how it is possible to revel in life as a person with disabilities. Subverting the pervasive belief that disability results in relentless suffering and isolation, a quadriplegic writer reveals how she rediscovered intimacy without touch, and a mother with a chronic illness shares what her condition has taught her young children. With a foreword by Andrew Solomon and introductory comments by co-editors Peter Catapano and Rosemarie Garland-Thomson, About Us is a landmark publication of the disability movement for readers of all backgrounds, forms and abilities. Topics Include: Becoming Disabled • Mental Illness is not a Horror Show • Disability and the Right to Choose • Brain Injury and the Civil Right We Don’t Think • The Deaf Body in Public Space • The Everyday Anxiety of the Stutterer • I Use a Wheelchair. And Yes, I’m Your Doctor • A Symbol for “Nobody” That’s Really for Everybody • Flying While Blind • My \$1,000 Anxiety Attack • A Girlfriend of My Own • The Three-Legged Dog Who Carried Me • Passing My Disability On to My Children • I Have Diabetes. Am I to Blame? • Learning to Sing Again • A Disabled Life is a Life Worth Living

Jake Brigance is back! The hero of *A Time to Kill*, one of the most popular novels of our time, returns in a courtroom drama that *The New York Times* says is "riveting" and "suspenseful." Clanton, Mississippi. 1990. Jake Brigance finds himself embroiled in a deeply divisive trial when the court appoints him attorney for Drew Gamble, a timid sixteen-year-old boy accused of murdering a local deputy. The New York Times Book of the Dead

From a *New York Times*-bestselling historian comes the story of how the alphabet ordered our world. *A Place for Everything* is the first-ever history of alphabetization, from the Library of Alexandria to Wikipedia. The story of alphabetical order has been shaped by some of history's most compelling characters, such as industrious and enthusiastic early adopter Samuel Pepys and dedicated alphabet champion Denis Diderot. But though even George Washington was a proponent, many others stuck to older forms of classification -- Yale listed its students by their family's social status until 1886. And yet, while the

order of the alphabet now rules -- libraries, phone books, reference books, even the order of entry for the teams at the Olympic Games -- it has remained curiously invisible. With abundant inquisitiveness and wry humor, historian Judith Flanders traces the triumph of alphabetical order and offers a compendium of Western knowledge, from A to Z.

The former mayor of Charlottesville delivers a vivid, first-person chronicle of the terror and mayhem of the August 2017 "Unite the Right" event, and shows how issues of extremism are affecting not just one city but the nation itself. The deadly invasion of Charlottesville, Virginia, by white nationalist militias in August 2017 is a microcosm of the challenges facing American democracy today. In his first-person account of one of recent American history's most polarizing events, Michael Signer, then Charlottesville's mayor, both tells the story of what really happened and draws out its larger significance. Signer's gripping, strikingly candid "you are there" narrative sets the events on the ground--the lead-up to August's "Unite the Right" rally, the days of the weekend itself, the aftermath--in the larger context of a country struggling to find its way in a disruptive new era. He confronts some of the most challenging questions of our moment, namely how can we: Reconcile free speech with the need for public order? Maintain the values of pragmatism, compromise, even simple civility, in a time of intensification of extremes on the right and the left? Address systemic racism through our public spaces and memorials?

Provide accountability after a crisis? While Signer shows how easily our communities can be taken hostage by forces intent on destroying democratic norms and institutions, he concludes with a stirring call for optimism, revealing how the tragic events of Charlottesville are also bolstering American democracy from within.

The news media is in the middle of a revolution. Old certainties have been shoved aside by new entities such as WikiLeaks and Gawker, Politico and the Huffington Post. But where, in all this digital innovation, is the future of great journalism? Is there a difference between an opinion column and a blog, a reporter and a social networker? Who curates the news, or should it be streamed unimpeded by editorial influence? Expanding on Andrew Rossi's "riveting" film (Slate), David Folkenflik has convened some of the smartest media savants to talk about the present and the future of news. Behind all the debate is the presence of the New York Times, and the inside story of its attempt to navigate the new world, embracing the immediacy of the web without straying from a commitment to accurate reporting and analysis that provides the paper with its own definition of what it is there to showcase: all the news that's fit to print.

One of the first undocumented immigrants to graduate from Harvard reveals the hidden lives of her fellow undocumented Americans in this deeply personal and groundbreaking portrait of a nation. Traveling across the country, journalist Karla Cornejo Villavicencio risked arrest at every turn to report the extraordinary stories of her fellow undocumented Americans. Her subjects have every reason to be wary around reporters, but Cornejo Villavicencio has unmatched access to their stories. Her work culminates in a stunning, essential read for our times. Born in Ecuador and brought to the United States when she was five years old, Cornejo Villavicencio has lived the American Dream. Raised on her father's deliveryman income, she later became one of the first undocumented students admitted into Harvard. She is now a doctoral candidate at Yale University and has written for The New York Times. She weaves her own story among those of the eleven million undocumented who have been thrust into the national conversation today as never before. Looking well beyond the flashpoints of the border or the activism of the DREAMERS, Cornejo Villavicencio explores the lives of the undocumented as rarely seen in our daily headlines. In New York we meet the undocumented workers who were recruited in the federally funded Ground Zero cleanup after 9/11. In Miami we enter the hidden botanicas, which offer witchcraft and homeopathy to those whose status blocks them from any other healthcare options. In Flint, Michigan, we witness how many live in fear as the government issues raids at grocery stores and demands identification before offering life-saving clean water. The

The New York Times Book of Broadway

A comprehensive and moving biography of Max Jacob, a brilliant cubist poet who lived at the margins of fame. Though less of a household name than his contemporaries in early twentieth century Paris, Jewish homosexual poet Max Jacob was Pablo Picasso's initiator into French culture, Guillaume Apollinaire's guide out of the haze of symbolism, and Jean Cocteau's loyal friend. As Picasso reinvented painting, Jacob helped to reinvent poetry with compressed, hard-edged prose poems and synapse-skipping verse lyrics, the product of a complex amalgamation of Jewish, Breton, Parisian, and Roman Catholic influences. In *Max Jacob*, the poet's life plays out against the vivid backdrop of bohemian Paris from the turn of the twentieth century through the divisions of World War II. Acclaimed poet Rosanna Warren transports us to Picasso's ramshackle studio in Montmartre, where Cubism was born; introduces the artists gathered at a seedy bar on the left bank, where Max would often hold court; and offers a front-row seat to the artistic squabbles that shaped the Modernist movement. Jacob's complex understanding of faith, art, and sexuality animates this sweeping work. In 1909, he saw a vision of Christ in his shabby room in Montmartre, and in 1915 he converted formally from Judaism to Catholicism—with Picasso as his godfather. In his later years, Jacob split his time between Paris and the monastery of Benoît-sur-Loire. In February 1944, he was arrested by the Gestapo and sent to Drancy, where he would die a few days later. More than thirty years in the making, this landmark biography offers a compelling, tragic portrait of Jacob as a man and as an artist alongside a rich study of his groundbreaking poetry—in Warren's own stunning translations. *Max Jacob* is a nuanced, deeply researched, and essential contribution to Modernist scholarship.

The Abstainer

A GOOD MORNING AMERICA BOOK CLUB PICK A BELLETRIST BOOK CLUB PICK For fans of *The Hours* and *Fates and Furies*, a bold, kaleidoscopic novel intertwining the lives of three women across three centuries as their stories of sex, power, and desire finally converge in the present day. Lily is a mother and a daughter. And a second wife. And a writer, maybe? Or she was going to be, before she had children. Now, in her rented Brooklyn apartment she's grappling with her sexual and intellectual desires, while also trying to manage her roles as a mother and a wife in 2016. Vivian Barr seems to be the perfect political wife, dedicated to helping her charismatic and ambitious husband find success in Watergate-era Washington D.C. But one night he demands a humiliating favor, and her refusal to obey changes the course of her life—along with the lives of others. Esther is a fiercely independent young woman in ancient Persia, where she and her uncle's tribe live a tenuous existence outside the palace walls. When an innocent mistake results in devastating

consequences for her people, she is offered up as a sacrifice to please the King, in the hopes that she will save them all. In Anna Solomon's *The Book of V.*, these three characters' riveting stories overlap and ultimately collide, illuminating how women's lives have and have not changed over thousands of years.

Happy Like This

In both Europe and North America, populist movements have shattered existing party systems and thrown governments into turmoil. The embattled establishment claims that these populist insurgencies seek to overthrow liberal democracy. The truth is no less alarming but is more complex: Western democracies are being torn apart by a new class war. In this controversial and groundbreaking new analysis, Michael Lind, one of America's leading thinkers, debunks the idea that the insurgencies are primarily the result of bigotry, traces how the breakdown of mid-century class compromises between business and labor led to the conflict, and reveals the real battle lines. On one side is the managerial overclass—the university-credentialed elite that clusters in high-income hubs and dominates government, the economy and the culture. On the other side is the working class of the low-density heartlands—mostly, but not exclusively, native and white. The two classes clash over immigration, trade, the environment, and social values, and the managerial class has had the upper hand. As a result of the half-century decline of the institutions that once empowered the working class, power has shifted to the institutions the overclass controls: corporations, executive and judicial branches, universities, and the media. The class war can resolve in one of three ways: • The triumph of the overclass, resulting in a high-tech caste system. • The empowerment of populist, resulting in no constructive reforms • A class compromise that provides the working class with real power Lind argues that Western democracies must incorporate working-class majorities of all races, ethnicities, and creeds into decision making in politics, the economy, and culture. Only this class compromise can avert a never-ending cycle of clashes between oligarchs and populists and save democracy.

How to Raise a Reader

The controversial journalistic analysis of the mentality that fostered the Holocaust, from the author of *The Origins of Totalitarianism* Sparking a flurry of heated debate, Hannah Arendt's authoritative and stunning report on the trial of German Nazi leader Adolf Eichmann first appeared as a series of articles in *The New Yorker* in 1963. This revised edition includes material that came to light after the trial, as well as Arendt's postscript directly addressing the controversy that arose over her account. A major journalistic triumph by an intellectual of singular influence, *Eichmann in Jerusalem* is as shocking as it is informative—an unflinching look at one of the most unsettling (and unsettled) issues of the twentieth century.

Looking To Get Lost

A ghostly feminist fable, Amina Cain's *Indelicacy* is the story of a woman navigating between gender and class roles to empower herself and fulfill her dreams. In "a strangely ageless world somewhere between Emily Dickinson and David Lynch" (Blake Butler), a cleaning woman at a museum of art nurtures aspirations to do more than simply dust the paintings around her. She dreams of having the liberty to explore them in writing, and so must find a way to win herself the time and security to use her mind. She escapes her lot by marrying a rich man, but having gained a husband, a house, high society, and a maid, she finds that her new life of privilege is no less constrained. Not only has she taken up different forms of time-consuming labor—social and erotic—but she is now, however passively, forcing other women to clean up after her. Perhaps another and more drastic solution is necessary? Reminiscent of a lost Victorian classic in miniature, yet taking equal inspiration from such modern authors as Jean Rhys, Octavia Butler, Clarice Lispector, and Jean Genet, Amina Cain's *Indelicacy* is at once a ghost story without a ghost, a fable without a moral, and a down-to-earth investigation of the barriers faced by women in both life and literature. It is a novel about seeing, class, desire, anxiety, pleasure, friendship, and the battle to find one's true calling.

Go Tell It on the Mountain

"Mountain," Baldwin said, "is the book I had to write if I was ever going to write anything else." *Go Tell It On The Mountain*, first published in 1953, is Baldwin's first major work, a novel that has established itself as an American classic. With lyrical precision, psychological directness, resonating symbolic power, and a rage that is at once unrelenting and compassionate, Baldwin chronicles a fourteen-year-old boy's discovery of the terms of his identity as the stepson of the minister of a storefront Pentecostal church in Harlem one Saturday in March of 1935. Baldwin's rendering of his protagonist's spiritual, sexual, and moral struggle of self-invention opened new possibilities in the American language and in the way Americans understand themselves.

Masterful.” —Sandra Cisneros También de este lado hay sueños. On this side, too, there are dreams. Lydia Quixano Pérez lives in the Mexican city of Acapulco. She runs a bookstore. She has a son, Luca, the love of her life, and a wonderful husband who is a journalist. And while there are cracks beginning to show in Acapulco because of the drug cartels, her life is, by and large, fairly comfortable. Even though she knows they’ll never sell, Lydia stocks some of her all-time favorite books in her store. And then one day a man enters the shop to browse and comes up to the register with a few books he would like to buy—two of them her favorites. Javier is erudite. He is charming. And, unbeknownst to Lydia, he is the jefe of the newest drug cartel that has gruesomely taken over the city. When Lydia’s husband’s tell-all profile of Javier is published, none of their lives will ever be the same. Forced to flee, Lydia and eight-year-old Luca soon find themselves miles and worlds away from their comfortable middle-class existence. Instantly transformed into migrants, Lydia and Luca ride la bestia—trains that make their way north toward the United States, which is the only place Javier’s reach doesn’t extend. As they join the countless people trying to reach el norte, Lydia soon sees that everyone is running from something. But what exactly are they running to? *American Dirt* will leave readers utterly changed. It is a literary achievement filled with poignancy, drama, and humanity on every page. It is one of the most important books for our times. Already being hailed as "a *Grapes of Wrath* for our times" and "a new American classic," Jeanine Cummins's *American Dirt* is a rare exploration into the inner hearts of people willing to sacrifice everything for a glimmer of hope.

The New York Times Book of Medicine

On bookshelves around the world, surrounded by ordinary books bound in paper and leather, rest other volumes of a distinctly strange and grisly sort: those bound in human skin. Would you know one if you held it in your hand? In *Dark Archives*, Megan Rosenbloom seeks out the historic and scientific truths behind anthropodermic bibliopegy—the practice of binding books in this most intimate covering. Dozens of such books live on in the world’s most famous libraries and museums. *Dark Archives* exhumes their origins and brings to life the doctors, murderers, innocents, and indigents whose lives are sewn together in this disquieting collection. Along the way, Rosenbloom tells the story of how her team of scientists, curators, and librarians test rumored anthropodermic books, untangling the myths around their creation and reckoning with the ethics of their custodianship. A librarian and journalist, Rosenbloom is a member of The Order of the Good Death and a cofounder of their Death Salon, a community that encourages conversations, scholarship, and art about mortality and mourning. In *Dark Archives*—captivating and macabre in all the right ways—she has crafted a narrative that is equal parts detective work, academic intrigue, history, and medical curiosity: a book as rare and thrilling as its subject.
