WRITING: TEN CORE CONCEPTS is based on ten fundamental lessons—the Core Concepts—that student writers must learn to become sophisticated writers. The thorough integration of these Core Concepts distinguishes the book from all other writing guides. Most composition textbooks present far more material than students could ever grasp and retain in a single semester. That approach ultimately waters down the most essential lessons students need to learn for their different writing tasks. Emphasizing writing as an interaction between a writer and a reader, WRITING: TEN CORE CONCEPTS offers students guidance in three main aims of writing and a way to participate in the important conversations that shape our lives. Each student text is packaged with a free Cengage Essential Reference Card to the MLA HANDBOOK, Eighth Edition. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Writing by Choice

Developing nonfiction writers at any stage of their career Write Choices: Elements of Nonfiction Storytelling helps writers cultivate their nonfiction storytelling skills by exploring the universal decisions writers confront when crafting any kind of factual narrative. Rather than isolating various forms of narrative nonfiction into categories or genres, Sue Hertz focuses on examining the common choices all true storytellers encounter, whether they are writing memoir, literary journalism, personal essays, or travel essays. And since today's writers are no longer confined to paper, Write Choices also includes digital storytelling options, and how writers can employ technology to enhance their narratives. Integrating not only her own insights and experience as a journalist, nonfiction book author, and writing instructor, but also those of other established nonfiction storytellers, both print and digital, Hertz aims to guide writers through key decisions to tell the best story possible. Blending how-to instruction with illuminating examples and

commentaries drawn from original interviews with master storytellers, *Write Choices* is a valuable resource for all nonfiction writers, from essayists to memoirists to literary journalists, at any stage of their career.
